

InterScience Research Network

The *InterScience Research Network (IRNet)* is a body to promote interdisciplinary research among professional, scholars and researchers. It organizes various workshops, seminars and conferences on various subjects time to time throughout the year.

Upcoming Conferences

IRNet - Conference :: ITM - 2011 :: Singapore
Int. Conf. on Information Technology and Management (ITM - 2011) November 26th-27th, 2011.

Int. Conf. on Advanced Research in Mechanical Engineering (ICARME-2011) June 5th-6th, 2011.
Int. Conf. on Computer Science and Informatics (ICCSI-2011) June 19th-20th, 2011.

Int. Conf. on Intelligent Healthcare (ICIH-2011) July 10th-11th, 2011.

Int. Conf. on Computational Biosciences and Bio-Informatics (CCBBI-2011) July 31st, 2011.

Int. Joint Conf. on Computational Vision & Robotics (CCVR - 2011) August 14th-15th, 2011.

Int. Conf. on Energy, Water & Environment (ICEWE -2011) September 4th, 2011.

Int. Conf. on Educational Technology (ICET -2011) September 18th-19th, 2011.

Int. Conf. Electrical and Electronics Engineering (ICEEE -2011) October 8th-9th, 2011.

IRNet - GREATER NOIDA CHAPTER
Int. Conf. on Control, Communication and Computer Technology (CCCT-2011) August 6th-7th, 2011.

IRNet - DURG CHAPTER
CCOST National Conference on Applications of Computer Science in Weather Forecasting, 12th May, 2011.
Int. Conf. on Computer and Communication Technology (CCCT-2011) December 24th-25th, 2011.

IRNet - RANCHI CHAPTER
Int. Conf. on Information Technology and Management (ICITM-2011) July 3rd, 2011.

IRNet - KOLKATA CHAPTER
Int. Conf. on Soft-computing and Engineering Applications (SEA-2011) September 11th, 2011

InterScience Open Access Journal

With the mission to propagate quality learning and disseminate innovative information to the society through excellence in education and research, InterScience Open Access Journals is for the benefit of everyone ranging from the academic and professional research communities to industry practitioners. The journal will cover wide range of topics in the field of Science, Engineering and Technology. InterScience Open Access Journals would comprise of publication having balanced mix of quality hypothetical and empirical research articles, editorials, book reviews, tutorials, and case studies in the areas of computer science and information technology.

Our Journal:

- **International Journal of Computer and Communication Technology (IJCTT)**
- **International Journal of Communication Network and Security (IJCNS)**
- **International Journal of Computer Science and Informatics (IJCSI)**
- **International Journal of Failure Analysis and Design (IJFAD)**
- **International Journal of Advances in Civil Engineering (IJACE)**
- **InterScience Management Review (IMR)**
- **International Journal of Applied Research In Mechanical Engineering (IJARE)**
- **International Journal of Advanced Technology in Civil Engineering (IJATCE)**
- **International Journal of Applied Research in Mechanical Engineering (IJARME)**
- **International Journal of Instrumentation, Control and Automation (IJICA)**
- **International Journal of Mechanical and Industrial Engineering (IJMIE)**
- **International Journals of Electronics Signals and Systems (IJESS)**
- **International Journal of Electrical and Electronics Engineering (IJEEE)**
